For the Chairman's report, Chair Jamie Ganter presented the final goals for 2023, which will be submitted to the State with other annual reports that are soon due. On a motion by Norma Zimmer, second by Christine Powers, the Board unanimously approved the 2023 goals as presented.

Mr. Ganter also stated that the contract between the Clayton Improvement Association and the CLDC for shared Executive Director costs has been finalized and signed.

Chair Ganter reminded the Board members to return the Annual Board Performance Evaluation and Conflict of Interest forms as soon as possible. Executive Director, Kristi Dippel, will send the forms again for those that have not yet completed them.

Chair Ganter also stated that the official announcement of the recent DRI awards has not occurred. The CLDC is analyzing the prospect of undertaking a Housing Study to determine the needs in and around the Clayton community. The Northern New York Community Foundation may have funds available to assist with this study and further discussions will take place with that organization.

Chair Ganter also stated that discussions continue with property owners in the Village regarding their willingness to consider selling their properties to a developer. A meeting will be held with a local realtor for marketing of these properties. The commission would be paid by the seller/buyer and not the CLDC.

Treasurer John Cooper presented three bills for approval in the amounts of \$2,450.00, \$3,000.00, and \$3,041.67, which when paid, will leave a balance of \$8,645.87 in the General Checking account.

The CLDC has a pending invoice to the Town for \$5,000.00 for reimbursement of administrative expenses for REDI grant administration.

Mrs. Dippel stated that there is a pending Traffic Study proposal out to Barton & Loguidice, and the study is expected to be completed during the busy summer months as that is most reflective of village traffic concerns.
